

## GEIRFA

Yn yr Eirfa a gyflwynir isod, trefnwyd allweddeiriau'r testun yn seingol, o dan eu ffurfiau cysefin. Lle y bo mwy nag un ffurf orgraffyddol yn digwydd ar air, fe'u casglwyd ynghyd ar ôl y ffurf amlaf ei defnydd. Gosodwyd ffurfiau berfol ar ôl y berfenw, ac enwau lluosog ar ôl yr unigol etc., a lle nad yw'r ffurfiau hynny'n digwydd yn y testun fe'u cyflenwyd yma o fewn bachau peryal. Ceisiwyd didoli'r homograffau, yr homonymau a'r homoffonau. Yn achos y geiriau hynny y byddai amllder eu defnydd yn gwneud yr orchwyl o restru pob un yn rhy feichus, bodlonwyd ar nodi'r ychydig enghreifftiau cyntaf, gan dybio y bydd modd i'r sawl a garai weld yr holl enghreifftiau chwilio'r testun yn hwylus trwy ddulliau electronig ar wefan Cyfraith Hywel, <http://cyfraith-hywel.cymru.ac.uk/cy/machlud-cyf-hyw.php>

Y mae'r holl gyfeiriadau at rifau'r adnodau yn y golygiad hwn. Er mwyn osgoi unrhyw amwysedd posibl, diwygwyd pob enghraifft o 6 (am /u/) yn y testun beirniadol yn w yn y mynegeion hyn.
